

Bidmaster Training

SPECIALIST

Managing the Bid Process

Course Overview

BID MASTERS TRAINING PROGRAMME

The BiD Masters training programme commences with the Fundamentals course, which aims to ensure a clear understanding of the common basics of the bidding profession. This feeds into specialist training in the five key areas: Bid Management; Bid Communications; Bid Capability; Bid Knowledge Management; and Client Liaison. These courses will equip you with the professional knowledge, skills and behaviours required to succeed in your chosen role within the profession.

Who will benefit from the Bid Management course?

The Bid Management course is designed for people who are responsible for ensuring the entire opportunity pursuit process is carried out as effectively and efficiently as possible. Typical role titles are Bid Director, Bid Manager, Bid Coordinator, Capture Manager and Head of Bidding.

How is this course delivered?

The Bid Management course consists of a single module called Managing the Bidding Process, which is delivered via engaging and interactive training content. The content is available on-demand 24/7 to provide flexibility. The course is 100% online.

MANAGING THE BIDDING PROCESS

Overview

This module describes the key elements of managing the bid process through the stages of the opportunity pursuit lifecycle. In addition to the knowledge required, it covers the skills and behaviours necessary to successfully manage the people and processes involved to achieve a winning proposal.

Successful completion of this module and course entitles learners to the title of Certified Bidmaster.

Course Content

The course includes:

- Organisation and team building
- Stakeholder engagement
- ITT analysis and dissection
- Planning, task and time management
- Budgeting and reporting
- Clarification questions
- Production and delivery
- Risk management
- Critical thinking and analysis

What is the time commitment?

The time commitment for completion of this module is self-paced, but a minimum of 2-3 hours should be allowed.

Post course practice

Following successful completion of the training, you will be invited to practice your new found skills in one of our Virtual Bid Room experiences.

FAQS

Do I receive a certificate after completing this training?

Yes. On successful completion of any of the BiD Masters' specialist courses, learners are awarded a Bidmasters Certificate.

Is this course CPD Certified?

Yes. This course has been independently certified has been independently certified as conforming to universally accepted Continuous Professional Development (CPD) guidelines and comes with a Certified CPD Statement as well as a Bidmasters Certificate.

Can I fit the course around my schedule?

This course is designed as self-paced learning. Each video is between 4 and 10 minutes long. You can start and stop in line with your commitments. Although we recommend completing the course in one sitting to provide continuity, we understand this is not always possible and different people learn in different ways. The Virtual Bid Room Simulation is completed online in our virtual environment. We have scheduled multiple sessions that can be booked to suit your preferred timeline.

What devices can I access the course material on?

This is a fully online course. You will need to be able to play videos with sound. An internet connection is required to access the course. For the sessions held in the virtual environment, you will need a microphone so you can communicate with your colleagues and trainer in the bid room. It is possible to access the course from any internet-capable device, but we recommend a tablet, laptop or desktop computer to ensure the optimal experience.

Can I do more than one Specialist Course?

Yes. If you complete all four Specialist Courses, you are considered a Senior Bidmaster.
